## EXPERIENCE

### Prodigy InfoTech, Remote — Web Development Internship

March 2025 - PRESENT

During my 1-month internship at Prodigy InfoTech, I had the opportunity to work as a web development intern. I was involved in the full-stack development of dynamic websites and applications. My key responsibilities included:

1. Collaborated with the team to develop and optimize web applications using HTML, CSS, JavaScript, and React.
2. Assisted in the design and implementation of responsive and user-friendly interfaces.
3. Gained hands-on experience in improving the performance and scalability of web applications.
4. Worked on troubleshooting, debugging, and testing of front-end and back-end code.
5. Participated in code reviews, ensuring best practices and maintaining code quality.

This internship allowed me to enhance my technical skills, gain industry experience, and work within a team environment, preparing me for more advanced web development roles.

## EDUCATION

### **Punjab Group Of Colleges,** Sheikhupura — *Intermediate*

Oct 2020 - March 2022

Gained foundational computer science, programming, and mathematics knowledge, focusing on logical thinking and problem-solving skills.

### **University Of Central Punjab,** Sheikhupura — *ADP-CS*

Oct 2023 - Aug 2025

Pursuing foundational knowledge in computer science with a focus on web development, programming, and database management.

## PROJECTS

## SKILLS

**Web Development:**

- HTML5, CSS3, JavaScript (ES6+), Tailwind CSS

**Frontend Frameworks:**

- React.js, Next.js, EJS

**Backend Development:**

- Node.js, Express.js, Strapi

**Database Management:**

- MongoDB, Mongoose

**API Development:**

- RESTful APIs, Fetch API, JWT Authentication

**Version Control:**

- Git, GitHub

**Deployment & Hosting:**

- Vercel, Netlify

**Tools & Platforms:**

- Postman, VS Code, Nodemon

**Other Skills:**

- Responsive Design, Cross-Browser Compatibility, UI/UX

Principles

**E-commerce Website** — *Tech Stack: Next.js, Node.js, MongoDB, Tailwind CSS*

Developed a fully functional e-commerce platform with features like product listings, user authentication, cart management, and order processing. Integrated AI-based product recommendations and real-time inventory management for an enhanced user experience.

**Blog Website (Circle Blog)** — *Stack: React.js, AppWrite*

Developed a blog platform for publishing articles related to web development. Implemented CRUD operations, user authentication, and a comment section for interaction.

**Weather App** — *Stack: React.js, OpenWeather API, CSS*

Built a dynamic weather forecasting app that displays real-time weather data for any location. Integrated APIs for accurate forecasts, and designed a clean user interface.

**Portfolio Website** — *Tech Stack: React.js, Tailwind CSS*

Built a personal portfolio website showcasing web development projects and skills. Designed a responsive layout with smooth navigation and optimized performance for all devices.
